ADVERTISEMENT

To the Employees of the J. B. Pearson Company:

On April 8, 1920, we insured in the Connecticut General Life Insurance Company of Hartford, Connecticut, the lives of all our regular employees.

As an employee of the company, this insurance is furnished you without expense in recognition of your loyal services. The amount of the insurance you will receive is based on the length of your service with the company under the following schedule:

Those who have been in the service of the company:	
Three months but less than one year	\$ 500.00
One year but less than two years	700.00
Two years but less than three years	900.00
Three years but less than four years	1,100.00
Four years but less than five years	1,300.00
Five years and over	1,500.00

The waiting period of three months applies only to employees entering the service of the company after April 8, 1920. If you were an employee of the company on April 8, 1920, even though you had been employed for less than three months, you would still receive a minimum of \$500 insurance.

Will you complete as soon as possible the information requested on the inclosed card. As soon as these cards have been completed and returned, the insurance company will issue you a certificate showing the amount of your insurance payable to the beneficiary named by you.

We strongly believe in insurance and are glad to provide our employees with this protection. In so doing, we want it definitely understood that it is not given as a substitute for any increase of wages nor does it take the place of a bonus or any form of premium.

We are in hopes that we can make this the permanent policy of the company. Its success, however, is dependent entirely upon the employees. We trust that the present spirit of loyal cooperation will continue.

Very truly yours,

J. B. PEARSON CO.

WITHDRAW? GUESS NOT

Deering's Lieutenant Classes Rumor As Absurd—Has Enough Votes In Three Counties.

Kenneth W. Sutherland of Saco, representing Hon. John P. Deering, York County's candidate for the Republican nomination for Governor, was in Lewiston Tuesday. Mr. Sutherland is very enthusiastic over the outlook for the success of his candidate, and wished it distinctly understood that there is not the slightest foundation for the report that Judge Deering has any thought of withdrawing.

"Why, such a story is ridiculous," said he, "Judge Deering is leading the field. He is the winner. I have been over the State and the canvass shows him way in the lead. Why then would he withdraw. Seventy-five or 80 percent of the vote of Oxford county will be for Deering; he will get 4,500 votes in York county and Cumberland county will give him an overwhelming plurality. In those three counties alone, Oxford, York and Cumberland he will get votes enough to nominate him. And his candidacy is going fine in all of the counties. He is the winner as sure as I am talking to you. And so far as his getting out in favor of Col. Parkhurst, I can tell you he hasn't a thought of it, and as a matter of fact we haven't even heard it suggested, until someone called my attention to an item in the Lewiston Sun the other day. Mr. Parkhurst has already had one try for the nomination and got knocked down; now why not give someone else a chance. If anyone is to withdraw, why not Parkhurst?"

Judge Deering is now in Washington county, where according to the reports he is sending in; things look very rosy for him.

Mr. Sutherland stated that in his travels over the State he had found everywhere a very strong anti-Milliken feeling.

METHODISTS TO MEET
The 73rd annual session of the East Maine Conference will be held in the First Methodist Church in Brewer, April 21 to 26. This big gathering of laymen and clergymen of the Methodist Episcopal church of eastern Maine will be attended by the largest number of delegates in the history of the conference. Rev. George Gorwood is pastor of the Brewer church, which will act as host of the conference. Bishop Edwin Holt Hughes, L.L.D., will be the presiding officer. The program will be a very fine one with addresses on vital themes by able preachers and business sessions each day.

THE K. OF C. BALANCE

Directors of the Knights of Columbus notified Archbishop John Donzani, Papal Delegate of their decision to use the \$7,000,000 balance of their war fund in educational work for former service men. Monsignor Bonzano announced their action and told the directors that just before he left Rome Pope Benedict had told him he looked to America not only for material aid and leadership, but also for moral leadership.

VIEWS OF EDITORS

Wood Far Ahead In Republican's Estimation—Hoover Choice of Democratic Newspapers.

A nation-wide Presidential poll among hundreds of editors of daily newspapers throughout the country, closed Tuesday with Gen. Wood far ahead of his nearest competitor in the Republican field and Herbert Hoover leading the Democrats by more than a comfortable margin.

The straw vote was taken by questionnaire. What was asked was not who the personal choice of the particular editor might be, but who, in his opinion, the people of this community would vote for were an election held forthwith.

Of the 847 votes cast, Republicans polled 461, Democrats 386. The returns showed 27 Republicans against Mr. Wood, 1918 against Mr. Hoover, while the names of 31 Democrats were mentioned.

Gen. Wood led the Republican list with 139 votes. Gov. Frank C. Lowden, Illinois, came second, with 98. Senator Warren G. Harding, Ohio, third, polling 63. Senator Hiram Johnson, California, fourth, with 41. Herbert Hoover, fifth, with 25. Governor Wood led the Democratic list with 116 votes. William G. McAdoo captured second place with 83 votes, third place went to Governor James M. Cox of Ohio, 44; fourth, Attorney-General A. Mitchell Palmer, 36; fifth Governor Edward I. Edwards, New Jersey, 28; sixth, William Jennings Bryan, 23; seventh, President Wilson, 17; eighth, Vice-President Thomas K. Marshall, of Indiana, 15; ninth, Senator Robert L. Owen, Oklahoma, 12; tenth, Senator Gilbert M. Hitchcock of Nebraska, 3 votes; eleventh, James Watson Gerard, former Ambassador to Berlin, and Senator David I. Walsh, Massachusetts, tied, 2 votes.

Twelfth, Robert Lansing, former Secretary of State; Congressman Champ Clark, Missouri; David R. Francis, former Governor of Missouri and former Ambassador to Russia; Senator Oscar W. Underwood, Alabama; Homer S. Cummings, chairman National Democratic Committee; Samuel Ralston, former Governor of Indiana; Frederick Dozier Gardner, former Governor of Missouri; John W. Davis, Ambassador to Great Britain, and E. T. Meredith, tied, 1 vote each. Total Democratic votes cast 386.

It should be borne in mind that the canvass was made before it became known that Mr. Hoover would not be a candidate on the Democrat ticket. Signs that time a very earnest movement in Mr. Hoover's behalf has been inaugurated among Republicans and Independents.

SUMMER WHITE HOUSE

Will Not Be At Woods Hole—Accommodations Insufficient.

President Wilson will not establish the summer White House at Woods Hole, Mass., as had been expected, but probably will select some other place where more accommodations are available for the large staff of secretaries and attaches.

When the White House advance agents went over the ground, it is said they concluded that the Crane estate itself was not large enough, and that the accommodations to be found in the village were insufficient for the force from the executive offices which would have to be moved to Woods Hole for the summer.

When these considerations were laid before the President he reluctantly abandoned his plan to go to Woods Hole and was regretful that Mr. Crane's offer had been accepted before all the physical considerations which his aides felt important, were investigated.

TELEPHONE DEAFNESS

Telephone users—and that includes every person—who is interested in the subject of telephone deafness, George M. Hitchcock, of the Boston Medical Journal, calls attention to several cases in which persons, when they put the telephone receiver to the ear, suddenly heard a loud, high-pitched sound, and then could hear nothing more, the deafness persisting for a considerable length of time. His explanation of the cause of this deafness is that any interference to the line while one is listening may jar the auditory nerve suddenly and induce a high-pitched sound followed by prolonged tinnitus with immediate deafness, either partial or total, the symptoms ameliorating after some weeks.

This accident can be avoided because it occurs only when the listener holds the receiver in such a way that the ear that no external sound can enter, a common way to hold the receiver when there is much noise around. If the user of the telephone applies the receiver in such a way that a space is left for free circulation of air between it and the ear a shock cannot be transmitted to the nerve, no matter how much disturbance there may be on the line.—Pittsburgh Gazette-Times.

THE CITY FINANCES

Mayor Thorndike Presents For Discussion a Tentative List of Appropriations For 1920.

Mayor Thorndike has submitted to the citizens, for presentation to the citizens, the result of the city finance committee's study of the municipal situation, with reference to appropriations to meet the present year's requirements. There is no need of exhaustive discussion of the extraordinary times under which we are living. Everybody is familiar with the details of increased costs in every direction and naturally these come immediately home to us in our municipal relations.

How to meet the demands laid upon us by these unusual conditions may well tax the wisdom of the wisest of us. The committee has made what study it can of the situation and the list that it has drawn up for consideration of the tax-payers is presented herewith, accompanied by a communication from the Mayor.

What have the people to say to these suggestions? It is the people at large who enjoy the things for which the money pays. The furnishing of the money has to be done by the tax-payers. Here are the figures, with the appropriations of the preceding year printed alongside for comparison.

A Word From the Mayor

To the Citizens:—In accord with the policy of publicity in the city's business and the desire to exchange confidences with the citizens in the conduct of same, assuming its responsibilities as a people, not as an individual or group, I am submitting an estimate of appropriations as far as brought to our attention at this time, and which must be submitted to the City Council not later than the regular June meeting, with such changes and alterations as may be deemed expedient after careful investigation and study of the many vexing problems and due consideration of the sentiment of a substantial majority at least, of our citizens.

While many of the items are fixed charges and must be met, others will admit of debate, possibly; others are simply results of unusual conditions. While these conditions are more or less universal at this time, I feel that unless attention is called more directly to the increased and unusual items, there may be misunderstandings, possibly undeserved criticism, which tend to hamper progress and retard or discourage those who give of their time and effort in humble capacity of public servants, with the one object in view, viz., to carry out the will of the citizens who are really sincere.

I am at present devoting a major part of my time to city affairs, and I may say at some sacrifice, yet I shall feel well repaid if the citizens continue in the same friendly spirit to advise and cooperate, and to remain consistent, remembering that we are receiving more for your labor, paying more for your help, if it costs more to run your business, if you are paying or receiving more rent, if you either received or paid more for real estate than you would have a year or two back, or are unable to say what conditions a month hence will be—these are good and sufficient reasons why your city's business is also subject to all these and additional fluctuations.

While we find by inquiry that we are, as last year, much better situated than most of our neighboring cities and towns, we shall be glad to entertain suggestions of a constructive nature that may be brought to our attention by any man or group of men who are interested in Rockland and place her advancement as of equal importance to their personal affairs.

R. S. Thorndike, Mayor.

NEW EXPRESS RATES

Are Necessary To Bring Old-time Standards of Efficiency—Getting Back To Normal.

New efforts to improve the standards of the express service throughout the country are contemplated by the American Railway Express Company, which will continue the handling of the business as a single unit, for the time being at least.

A statement to this effect was made today by Agent C. M. Harrington in charge of the local express offices, in urging shippers to be patient and to lend their co-operation in bettering the express service.

"Now that the American Railway Express Company is operating under its own management," said Agent Harrington "we are gradually returning to normal conditions and are introducing a great many changes in methods which we expect will, within a reasonable time, show results very satisfactory to shippers."

"We have already accomplished much since the time of the merger in 1918, and the service is generally considered good. But we do not say it cannot be improved and that is our aim. Yet we cannot promise immediate improvement, owing to the unsettled conditions that have to be faced during this period of readjustment. With the improvement of the railroad service and with more facilities in cars and terminals, we believe that we can show great progress in this direction."

The present company is an organization that took over the business of the seven formerly separate companies and consolidated their working forces into a unified operating agency of 100,000 men.

"The situation with the express business is different from that of the railroads, in that the government has simply guaranteed the present company against an operating deficit for the next six months, instead of guaranteeing the profits for a period of three years, as has been done with the case of the railroads. But no service can survive if it is operated at a deficit, and so we feel it is necessary for us to have an increase in express rates, in order to make the express service a paying business, and to bring it up to its oldtime standards of efficiency."

POMONA SATURDAY

Limerock Valley Pomona Grange will meet with Pleasant Valley Grange Rockland, Saturday. As a number of the officers-elect were not present at the January meeting, and weather conditions prevented the February and March meetings, the installation of officers will form a part of the business of this session. The Pomona program follows:

Address of welcome, F. L. S. Morse; response, Charles Gregory; singing, Grange; reading, Elizabeth Gregory; recitation, Sister Stockwell; vocal solo, Lillian Coombs; reading, Sister Baker; piano solo, Carline Brazier; reading, F. L. S. Morse; mandolin and piano duet, Maxey Sisters; reading, Louise Butler; vocal solo, Herbert Maxey; reading, Scott Backliffe; violin solo, Myra Linckin; paper, A. F. Veazie; vocal solo, N. L. Berry; recitation, Mabel Fassett; reading, Sidney Ames; vocal solo, Robert McIntosh; reading, Mildred Gould; piano solo, Gladys Maxey; discussion—What crops should be planted in this locality for the coming season? How much of each crop? Is the general outlook favorable for the farmer? The evening program will be in charge of the lecturer of Pleasant Valley Grange.

WANT ANOTHER BOOST

Seamen's wages have more than doubled the increased cost of living, and it is generally believed demands for another "boost" will shortly be put up to the ship owners. It being rumored that the sailors this time will ask for an even \$100 a month in addition to the overtime and other extra charges now allowed. This compares with prices paid out of this port on sailing vessels in 1917-18, which were \$60 a month for the first mate, \$30 for second mate, and \$18 a month for an able bodied sailor before the mast.—Portland Advertiser.

YE MARINERS OF ENGLAND

Ye mariners of England,
That guard our native seas,
Whose flag has brav'd a thousand years,
The battle and the breeze,
Your glorious standard launch'd again,
To match another foe!
And sweep thro' the deep,
While the stormy winds do blow.

The spirits of your fathers
Shall start from every wave,
For the deck it was their flag of fame,
And the star of peace return.
Where Blake and mighty Nelson fell,
Your manly hearts shall glow:
As ye sweep thro' the deep,
While the stormy winds do blow.

Britannia needs no bulwarks,
No towers along the steep;
Her march is o'er the mountain-waves,
Her home is on the deep.
With thunders from her native oak,
She quells the floods below—
As they roar on in along,
When the stormy winds do blow.

The meteor flag of England
Shall yet terrific burn,
Till danger's troubled light depart,
And the star of peace return.
Then, then, ye ocean warriors,
Our song and feast shall flow
To the fame of your name,
When the storm has ceased to blow,
When the day light is heard no more,
And the storm has ceased to blow.
—Thomas Campbell.

CHIROPRACTIC FOR SPRING FEVER

As is well known by all, the blood becomes thicker in winter because of the habit of most people in wearing heavy clothing, and thus smothering the sweat pores. And if the eliminating organs of our body are not working properly, they are not capable of carrying off the foreign matter. With this in the blood, we feel this "spring fever." Adjustments from your local Chiropractor will let Nature go to work and eliminate this foreign matter. The blood is under direct control of the eliminating organs, the bowels, kidneys, liver and lungs, and they in turn are under control of the nerves which emit from the spinal cord. If there is an impingement on these nerves, due to subluxated vertebrae of the spine, the organs cannot function properly. The Chiropractor's business is to adjust these, relieving the pressure. Consultation and Spinal Analysis Free.

The Courier-Gazette

THREE-TIMES-A-WEEK

Rockland, Maine, April 15, 1920.
Personally appeared Neil S. Perry, who on oath declares that he is pressman in the office of the Rockland Publishing Co., and that of the issue of The Courier-Gazette, dated April 15, 1920, there was printed a total of 6,009 copies. Before me,
J. W. CROCKER,
Notary Public.

THE REPUBLICAN NOMINATION

The suggestion advanced in some quarters that either Judge Deering or Col. Parkhurst withdraw as a candidate in the Republican primaries is not likely to receive favorable consideration at the hands of the friends of either of those gentlemen. Clearly each is within his personal and political rights if he insists upon testing the issue at the primaries, and each may be in possession of information that shall justify his belief that he can win in a three-cornered contest. Our own opinion coincides with that which appears to be gaining ground all over the State, namely that with the two candidates dividing the anti-trust term strength, the renomination of Governor Milliken for a third term is assured beyond any question. The Governor's supporters are many and they will stand by him, both upon his record as a chief executive and because of their admiration for him as a man. And we believe his support is steadily growing.

THE CITY TAX RATE

The discussion of Rockland's finances, opened in another column by Mayor Thorndike, should have the serious attention of every citizen. The suggested appropriations for the current year are nearly double the figures prevailing a quarter of a century ago. The large part of this total is made up of things that absolutely have got to be had. Some of the items are debatable and here wisdom must have its most careful exercise. The indicated sum is an advance of \$53,000 over the preceding year, a 40 per cent increase, \$12,000 of it created by the cost of the winter snows. It means a tax rate of approximately \$36 on a thousand (which may be reduced slightly by increases of valuation here and there) as against a rate of \$31 last year. Mayor Thorndike wants the matter talked over in order to obtain, if possible, a definite expression of opinion.

RAISING BIG MONEY

The total sum of money is a huge one that the churches and citizens generally of Knox county are asked to help raise—at least it used to be thought huge up to the time when we got accustomed to thinking of money in the billion-dollar terms of the war. It was not difficult to raise money then. The country approached a matter of three or four billions of dollars and over-subscribed a hundred per cent. Asked to give a hundred millions for Red Cross, it gave double that sum. The chief part of those vast sums went for the work of destruction. Now come the banded together churches of America and ask for three and a half millions, to be given in five years, for the pure work of rebuilding. We believe the people will respond to the call.

CUTTING DOWN TREES

A number of the big trees about Middle street residences are being cut down, chiefly for the reason that they stood too close to the houses, shutting out the sun and producing dampness. One part with a twinge of regret with these beautiful trees throughout the city, chiefly the American elm and some of them for age verging on the century mark, but it is truth to say that in some instances the men who planted them got them too close together, or set them too near the house. It is the part of wisdom to lay low some of their majestic heads. At the same time there is a certain recompense against the high ranging price of fuel, of which one of these noble elms furnishes a number of cords.

Primary petitions are in circulation for Raymond E. Thurston of Union, who is a candidate for sheriff nomination on the Republican ticket. The party now has a quintet of aspirants for the position, the other candidates, in the order of their entrance into the field being John W. Lane of Rockland, H. D. Sawyer of Warren and Lucius H. C. Wiegman of Rockland.

POLITICAL BRIEFS

William E. Whiting of Ellsworth has filed nomination papers as Republican candidate for sheriff of Hancock county. Among the signers were Fred A. Torrey and 18 others of Stonington.

Forrest H. Bond of Jefferson has filed nomination papers as Republican candidate for sheriff in Lincoln county. He is completing his first term, and has given thus far a most excellent administration.

Gov. Lowden carried his home State Illinois, Tuesday on the face of incomplete unofficial returns in the Republican Presidential preference primary with Gen. Wood second and Senator Johnson third, the latter's name being written in by the voters. Returns from 4256 precincts out of 5699 in Illinois gave Lowden 293,659; Wood, 136,428, and Johnson, 37,928. These returns show that Gen. Wood carried Chicago and Cook county, but Gov. Lowden's vote in the State outside of Chicago gave him a lead which progressed steadily with the counting of returns. Only the names of Wood and Lowden appeared on the ballots. Senator Johnson's strength was in Chicago where most of his votes appeared. Herbert Hoover's name appeared on some of the Republican ballots.

MRS. ARNOLD WINS CASE

Camden Woman Gets Verdict of \$625 In Alienation Suit Against Mrs. Mary A. Young.

The case of Mrs. Ada Belle Arnold of Camden vs. Mrs. Mary A. Young of Matineus, which was in progress when this paper went to press Tuesday, resulted in a verdict for the plaintiff damages being assessed in the sum of \$625. The amount sued for was \$5000. Mrs. Young was charged with alienating the affections of the plaintiff's husband Fred E. Arnold. The case lasted two full days and attracted a great deal of attention, particularly on the part of the feminine portion of the community. Fully 50 per cent of the audience was made up of women, at each session.

Mrs. Bernice Herrick, who was employed in the Arnold household in 1914, and who had originally been summoned as a witness for Mrs. Arnold's side of the case, was called to the stand by the defense and testified to unpleasant domestic conditions in the Arnold household. Mrs. Arnold was very hysterical. Witness never witnessed actual quarrels, but heard Mr. Arnold say once that he had stood about all he could. Mr. Herrick declared that Mrs. Arnold and her sisters wanted her to come down to court and testify that everything had been pleasant in the home. "They frightened me," asserted Mrs. Herrick, "and I said I ought to do it, because they had done so much for me." Sharply interrogated by Attorney Gould the witness admitted that Mr. Arnold had induced her to take the other side of the case, and that "with the exception of occasional sniffs it was ordinary family life at the Arnold home."

Mrs. Ellen Young of Matineus testified that Mr. Arnold did not notice that Mr. Arnold had danced with other women at Matineus. Witness visited Mrs. Arnold's home in Camden last October. Mrs. Arnold told her about going to Matineus to visit Mary [Young] and Carrie [Ames] but changed her mind after arriving there.

Fred Howard, brother of the defendant told of the trip to Vinahaven for the purpose of having an engine repaired. Mr. Arnold and Mrs. Young were among those in his boat, but Mrs. Arnold stayed at the wharf. Mr. Howard was on the stand but briefly, as his knowledge of conditions at Matineus dated back two years.

Mrs. Celeste Hall of Matineus testified that the relations between the Arnold and Young families were very agreeable and that she had never heard Mrs. Arnold make any complaints about Mrs. Young in relation to the latter's husband. Witness lived with Mrs. Young after Mr. Young died. She never knew of Mr. Arnold visiting the Young's house before daylight. The curtain arrangement which had been referred to, was in order that the plants might have sun, according to the witness. Mrs. Young was accustomed to wear a long, white bungalow apron. Mrs. Arnold never neglected her family or her household. Mrs. Hall testified, on cross examination.

Blanchard Ames of Matineus testified that he had never seen improper relations between Mr. Arnold and Mrs. Young, and corroborated previous testimony.

timony as to the pleasant relations between the Arnold and Young families. Mrs. Blanchard Ames testified that Mrs. Arnold was angry and scolding about something everywhere they went. Mr. Arnold had told her he couldn't get along with his wife.

The final witness for the defense was the defendant herself, and she told her story with a great deal of self-possession. She is at present employed in Melrose, Mass., but was a resident for some years of Matineus. She was married in 1907 to Leforest E. Young, who died in January, 1912. Witness said that their domestic life had been very happy. She became very intimate with the Arnolds after Mrs. Arnold moved to the island. They attended social events together. Mrs. Arnold had never complained to her of Mr. Arnold's relations with witness. Mrs. Young told of visiting the plaintiff at Camden in April, 1919 and of a visit there in August of that year when Mrs. Arnold had said she would feel extremely hurt if witness didn't spend the night with her. Witness described Mrs. Arnold's visit to Matineus in September, 1919, when Mrs. Arnold made such a scene and screamed so loudly that she (the witness) had remarked to Celeste Hall: "Isn't this disgraceful; let's go."

Witness danced often with Mrs. Arnold, and never knew that Mrs. Arnold objected to it. Mr. Arnold was an excellent dancer. Mr. Young also went to all the dances, but had rheumatism and played the Victrola most of the time instead of dancing. Mrs. Young said that Mrs. Arnold would scold and cry if she didn't have her own way. The incident at Tenant's Harbor when Mrs. Arnold slapped her husband's face which her hat fell into the water was given as an example of the plaintiff's temper.

The alleged visit of Mr. Arnold to Mrs. Young's home, when Mrs. Young had on only a petticoat and corset cover, was declared by the witness to be "an absolute falsehood." Witness told of Mr. Arnold exchanging a felt hat with her for a silk cap. Mr. Arnold had never been admitted to her home, day or night, when she wore her night-dress. She was accustomed to wear a long white apron, fastening over the shoulders. The curtains at the Young house were drawn on cold winter nights as a protection for the plants. Mrs. Arnold had requested her husband to go home with witness because it was "so lonesome going by the graveyard alone." Mrs. Arnold had apologized for her temper with the remark that she often flew off the handle. Witness had gone to Mr. Arnold's house in the night and opened on the window for him to come because she thought her husband was dying. She had never knowingly sought to entice Mr. Arnold and had never influenced him to leave his wife or remain away. Mr. Arnold had never hugged or kissed witness, and had never taken any other liberties with her.

A photograph of the Young house, taken before the piazza was built, was presented as one of the exhibits in the case. In his subsequent argument to the jury Attorney Gould laid stress on the fact that the curtains windows referred to so conspicuously in the case faced south, whereas it had been claimed by the defense that the curtains were raised early in the morning that the plants might have the benefit of the sunlight. "The sun doesn't rise in the south at Matineus," said the attorney for the plaintiff.

To discredit the evidence of Mrs. Virginia Ames as to the alleged curtain signals, it was brought out in the testimony of the defendant that Mrs. Young had told Mrs. Ames that she did not care to associate with her, and that they had not been on speaking terms since.

By way of rebuttal the plaintiff's counsel introduced Freeman Young and Isaac Philbrook, who testified that Fred Lewis, a witness for the defense, did not have a reputation on the island for veracity.

Edgar B. Cooper, whose present home is in Rockland, testified that Fred Arnold boarded with him at Matineus from 1914 to 1915 and spoke very well of Mrs. Arnold. He never complained of the domestic relations. Mrs. Blanchard McDonald denied ever having said that "the devil in hell couldn't live with her sister," and that it was also false that she had apologized for Mrs. Arnold's behavior.

Mrs. Priscilla Knight said that Mrs. Herrick's statements were untrue. On the contrary Mrs. Herrick had told her that the Arnolds had "the happiest little home she ever saw."

Mrs. Arnold made an emphatic denial of certain statements by the defendant. She had never asked Mr. Arnold to marry her and get her away from an unpleasant home; she had never said that Mary was her best friend (it was Mr. Arnold who had said that); it was not true that she had made trouble because she failed to get a bracelet for Christmas on the trip Mrs. Arnold in the rebuttal testimony declared that Mr. Ames had said: "Why Belle, where have your eyes been; this has been going on a long time," and "Mary has been pulling the wool over your eyes."

The jury was out about one and one-half hours.

A difference of opinion as to the bonus which the plaintiff should have received for his work formed the basis of yesterday's trial. The plaintiff was Alfred B. Stevenson of Camden, a candy manufacturer, and the defendants were Valentine Chisholm and Thomas H. Chisholm, in whose employ he was from March, 1918 to March, 1919. Mr. Stevenson claims that he went to work for the concern (Chisholm Bros.) at \$3.30 a day. The business soon became more profitable and he asked for \$30 a compromise was reached whereby he was to re-

ceive \$25 a week, and, as the plaintiff claims one-half of the net profits above \$1000. The auditor's report which was accepted by both sides, with the exception of items amounting to \$167.74, showed that the net profit for the year was \$2923.38. In addition to his salary Mr. Stevenson received \$300, on account, as he claims. The defense was that the firm had offered Mr. Stevenson 10 per cent of the profits above his weekly wages, and that the \$300 paid him was for that purpose. The evidence was all submitted yesterday, and the arguments and charge were to be made this morning. Robinson for plaintiff, Littlefield for defendant.

Andrew Tolman, Fred E. Hanson, Leslie Ames and Fred F. Thomas of Camden, drawn as supernumerary jurors, reported Tuesday. Mr. Thomas was excused when he explained that he was operating a new store without the assistance of a clerk.

Mr. and Mrs. Harry Allard spent Sunday in Rockland calling on friends. Mrs. Allard's uncle, Elmer Clarke, is moving his household goods and family to Malden, Mass.

ANOTHER AVONLEA BOOK

"Further Chronicles of Avonlea" by L. M. Montgomery: The Page Co., Boston. Nathan Haskell Dole says in a charming introduction to the delightful Chronicles: "There is something in them like the delicate art which has made 'Cranford' a classic." This book is made up of 15 separate and distinct stories, all new and refreshing as summer breezes. Miss Montgomery's humor never wears its everyday life, filled with pathos that is never sentimentalized are told most convincingly. Prince Edward Island has been the setting for many stories and we turn to the "Further Chronicles of Avonlea" as to an old friend.

These small ads in The Courier-Gazette are read by everybody. That is why they are so popular and effective.

BANGOR BANKER DEAD

F. W. Hill, Former Summer Resident At Ash Point.

Frederick W. Hill for more than 30 years prominent in Bangor banking circles, died Sunday. Mr. Hill was a native of Bangor, and in early life was engaged in lumbering in Michigan and in the Province of New Brunswick. In 1887 he was elected president of the Kenoskeag National Bank, and in that same year became one of the incorporators of the Eastern Trust and Banking Co., and for the past five years has been chairman of the Board of Trustees of that institution. In 1909 he married Mrs. Marianne Hersey, who died in 1916.

Mr. Hill formerly had a summer home at Ash Point, and was well known in this section of the county.

The stand of colors for Winslow-Holbrook Post has arrived, and the official presentation will take place at an early date.

The steam trawler Pelican, which received extensive repairs at Portland after sinking at T wharf Feb. 7, arrived at Boston Monday with 200,000 pounds of fish, her first catch since the accident.

The telephone number of the Congregational parsonage, Rev. Walter S. Rounds, is 583-R. Write it on the margin of your telephone directory.

The graceful skating contest for women takes place at the Skating Rink tonight. Ten dollars in gold will be presented to the winner, and a five-dollar gold piece will be given to the second best skater. The contest is open to everybody, and as Rockland and vicinity have some excellent skaters there should be a large field of entries. The contest will begin at 8.30.

The remains of Janet Healey, who died in New York in January, were brought to Rockland this week and interred in Achorn cemetery. The deceased was a daughter of Raymond B. Healey, and was 7 years of age.

Gen. Berry Lodge will work the rank of Page on two candidates tonight.

A special meeting of the Woman's Auxiliary of the American Legion is called for Friday at 2.30 p. m. in the Winslow-Holbrook Post rooms. As there is business of importance, a large attendance is requested.

A crew from the New England Telephone Co. is rusticated at the Samoset. When the men have completed their stay there 200 additional telephone instruments will have been installed.

Dr. A. K. P. Harvey is moving into the Willoughby house on Elm street.

Harold B. Burgess has bought of Mrs. John D. Leach her shore cottage at Megunticook Lake including garage, boats and cottage furnishings.

Patrons of the Rockland Athletic Club's sparring exhibitions have long expressed a desire to see a pair of heavyweights matched. George Hart and Leon Halstead are not exactly Willards or Dempseys but nobody will ever mistake them for fairies when they shake hands in the middle of the ring. And very few would care to substitute for either of the men. Young Dyson of Lewiston and Kid Wallace of Nashua promise well for the main bout, while half of Waldoboro is coming over to act as Red Cross nurses and take care of the remains of Kid Howell after Battling Knights gets through with him.

The Epworth League of the Methodist church will hold a rummage sale at room in Willoughby block Saturday afternoon.

Lewis B. Clark of Rockland has been elected president of the Senior class at Castine Normal School.

The steamship Camden spent the day yesterday with friends at Tillson wharf. Turbulent seas subsided late in the day, and the Camden left on her return trip to Boston at 6 p. m. She is due back Saturday morning. Listen for the whistle.

Ernest Rogers, manager of the Western Union telegraph office, is having his annual vacation, and the affairs of the office are being looked after by Miss Drummery, a relief manager. Frank Clark completes his vacation next Tuesday, his place as day operator being filled meantime by John Sullivan, who is home from Newton, Mass. Mr. Clark spent part of his vacation in Biddeford.

Carleton Glidden, who was at one time manager of the Narragansett Hotel in this city, and who for the past 19 years has been associated with the Congress Square Hotel in Portland is to have the management of the Falmouth Hotel in that city, and will soon sever his connection with the Congress Square in order that he may devote his time to the detail work which will precede the opening. It is expected to have the Falmouth Hotel ready for the public June 25. The many friends who recall Mr. Glidden as a former resident of Rockland, and many who have formed or renewed their acquaintance since he has been at the Congress Square, are well pleased at his promotion.

The Rockland Motor Mart will open its handsome salesroom and service station at the corner of Park and High streets next Monday. Parker F. Norcross is at the head of the concern which operates this new enterprise, and Edward R. Veazie is manager.

With a payroll of approximately 500 persons, a large majority of whom are men, it will be taken for granted that the East Coast Fisheries Company is able to have a good ball team of its own, this season. E. H. Doughty is manager and Traffic Manager Spurr, a Yale man, is captain. Among the prospective members of the team are Whitney (University of Maine), Rich (Bowdoin), Rogers and Richardson (Rockland High) and Dolliver of Swan's Island. We'll tell you more as the season progresses.

A. A. Heald, State field worker of the Y. M. C. A., was in conference this week with representatives of the local Association regarding the distribution of surplus funds remaining from the war work fund. A portion of this surplus is to be distributed in the form of a scholarship fund for ex-service men, who may take correspondence courses or otherwise fit themselves for special lines of work. Knox county's proportion will not be large, at 2 cents per capita tax, but somebody will benefit thereby.

Eminent Sir Frank W. Bucknam, Grand Generalissimo of the Grand Commandery of Maine, will make his official inspection of Chamont Commandery this evening.

Gen. Knox Chapter of Rose Croix conferred the 17th and 18th degrees upon 32 candidates Tuesday. The afternoon and evening sessions were separated by a nicely served and daintily arranged banquet, in the preparation of which Golden Rod Chapter merely repeated former triumphs. The tables were arranged in the form of a maltese cross and every seat was occupied. Those who received the degrees were: Edward Lee Sargent, Albert L. Briggs, Robert W. Walsh, Lewis W. Berry, W. L. Gray, Ralph L. Cooper, Walter H. Lyon, Harold E. Jackson, Ernest A. Rogers, W. M. Canfield, Horace T. Baum, Otto V. Hassner, Crosby K. Waltz, Zenas B. Connally, Lewis B. Lovejoy, Henry P. KEEP THE HOME-FOR-AGED WOMEN FIRES BURNING

Much interest is manifested in the announced drive to raise \$2500. Surely Rockland will not fail in the case of the one charity of this kind in Knox county.

Remember, Someone's mothers are being tenderly cared for at this excellent institution. Every comfort of home is found there and it must be kept going. In so many words the committee are asking you to keep the home fires burning.

Many persons favor the plan of Memorial subscriptions. Anyone giving the sum of \$25 is entitled to a life membership in the society of the Home for Aged Women.

The committee met with the chairman, Mrs. Ensign Otis, last evening, and assigned the members to the different wards for the work of April 20. This list will be printed in the Saturday issue of The Courier-Gazette.

There will be meetings in Salvation Army hall every night this week. 'Twas a fine meeting last night.

Tomorrow morning an entertainment will be given in Miss Hall's room by the kindergarten pupils and members of the first four grades. In the afternoon the Sixth, Seventh and Eighth grades will give an entertainment in Miss Trask's room. Entertainments will be given in the following schools on these dates: McLain Building, April 16; Purchase street, April 23; Tyler Building, April 30; Grace street, May 7; Crescent street, May 14.

The steam trawler Wild Goose arrived yesterday with 170,000 pounds of fresh fish for the East Coast Fisheries Company, and all but 20,000 pounds was codfish. The Teal is due this noon with 200,000 pounds, and an even larger percentage of codfish. The trawler Brant returned to port yesterday on account of engine trouble, which is being remedied.

Yes, siree, the Charles K. Champlin Co. is all right. A fine set of plays, augmented by elaborate and attractive scenery, and presented by a cast which everybody is praising, is being larger patronage at each performance. The bill for the remainder of the week includes comedy, comedy-drama and musical comedy. My! My! Most of us would go after afternoon and evening both if we could.

The funeral services of the late Gen. Jonathan Prince Cilley were held yesterday afternoon at the First Baptist Church, where many had assembled to pay their last respects to a distinguished citizen and Civil War hero. The session of Knox County Supreme Court was suspended during the funeral hour, and headed by Associate Justice Warren C. Philbrook the members of the Knox Bar attended in a body. There was also a large representation from Edwin Libby Post, G. A. R., and the Grand Army ritual service was conducted. Beautiful flowers covered the casket. Rev. W. L. Pratt, pastor of the church, was the officiating clergyman, and pronounced a fine eulogy. Mrs. E. F. Berry presided at the organ. The bearers were Col. E. K. Gould, Walter H. Butler and Frank A. Tirrell, Jr., of Knox Bar; C. S. Beverage and Fred A. Carter representing the church; and Jonathan Cilley Tibbets, a grandson of the deceased, who is attending Bowdoin College. The interment was in the family lot at Thomaston, prayer being offered at the grave by Mr. Pratt. The remains were accompanied on the long journey across the continent by Gen. Cilley's daughter, Mrs. Walter G. Tibbets of Alameda, Calif., Mrs. A. W. Becken of Brooklyn, a cousin of the deceased, came to attend the funeral.

Potatoes are now quoted in Rockland markets at \$1.20 a bushel, which is rather more than oranges cost. Are you going to plant a garden this spring or pad the pocket of the profiteer?

Miriam Sewing Circle will meet this afternoon at Odd Fellows hall.

The Rockland Gun Club has a meeting and banquet at the Thorndike Hotel tomorrow night. Plans for the coming season's sport will be formulated and the members will have their usual good time.

C. H. Field is to manage the Mucross Inn at Rockport this season.

Tickets for the big musical comedy success "College Chums," which the Winslow-Holbrook Post is presenting next Tuesday and Wednesday will be on exchange at Park Theatre box office Saturday at 9 o'clock. No seats will be sold until the holders of the exchange tickets have been taken care of, so it's up to you to secure your tickets early. E. R. Veazie as "Tom Raymond," one of the chums, will sing "Tumble Down Shack in Athlone" and "I Found You" will bring forth the full voice of a well known tenor voice, C. A. Rose, Jr., as "Dave Strong," the villain, and in this part Mr. Rose will do himself full justice. His numbers "Bo-La-Bo" and "Was There Ever a Pal Like You" are sure to find favor with Rockland fans as one of the successes of the show. Maynard Marston will be seen in the part of "Capt. Lambert" of the college crew and is more than convincing. Harold Sweet could not have been better cast in the part of "Mickie," the college server boy, and his song "I'll See You in C-U-B-A" will delight everybody. Almon Richardson as "Battling Borrows," the prize fighter, has a role foreign to his nature, but will undoubtedly surprise anything he has ever attempted in Rockland. His song is "Let The Rest of the World Go By." H. W. Keep as Tom's father, has always done fine work and is a local favorite who will be much in evidence. Messrs. Henry Jordan, Linwood Rogers and Russell Richardson, while having smaller parts, all add greatly to the success of the performance.

RESOLUTIONS

Resolved, That the members of the Knox Bar desire to express their appreciation of the character and services of the late Gen. Jonathan P. Cilley, long a member of this Bar, and to place upon the record their tribute to his memory.

Resolved, That we respected him as a man and honored him as a soldier. He was a man whose love of country and whose record in its defense has been a source of pride to all who knew him. Hardly had he been admitted to the Bar when the smoldering fires of the Civil War broke forth. At the first call for volunteers he enlisted and recruited a company of light artillery. He was honorably discharged from the service in 1865 as brevet brigadier general. He was twice wounded and three times cited for extraordinary bravery and gallantry in action outside of and beyond the call of duty; the first in his regiment to enlist, first to be wounded and almost the last to be mustered out, and a public friend and faithful friend and painstakingly in the City Council, as a member of the Legislature, as Commissioner of the United States Circuit Court, and as Adjutant General of his State.

We rejoice in his useful life, in his strength of character, in his courage, in his learning and worldly honors, and in the dignity and high type of Americanism which he gave to the community in which he lived.

Therefore, Resolved, That we adopt these resolutions, that they be entered upon the records of the Knox County Bar, and that the Secretary of the Bar transmit them to the local press and to the family of the deceased.

Walter H. Butler, Frank B. Miller, Frank A. Tirrell, Jr., Committee.

SCALLOP SEASON

Extended To May 1st, Because
of Fishermen's Handicaps
Past Winter

An extension of the scallop season from April 15 to May 1, for this year only, was granted yesterday by the Sea and Shore Fisheries Commission, after a conference with dealers and fishermen at which 22 petitioners were present.

The past winter has been one of the most strenuous the Penobscot Bay fishermen have ever known, the ice conditions making the pursuit of the industry an impossibility most of the time. One fisherman told the commission that he had been able to get onto the fishing grounds but 14 times since January 1st.

The conditions on the Monroe Island beds appear to have improved considerably and the 20 or more boats which have been operating there this winter have made very fair catches when weather and ice conditions permitted. The dealers have guaranteed a price of \$2.75 a gallon for the remainder of the season and the remaining 15 days will doubtless be very busy ones. The Commission in granting this extension of time made but one stipulation, that scallops less than 3 1/2 inches in diameter should be returned to the water.

Tuesday the commissioners and wardens held their second annual conference in this city, meeting at Odd Fellows' hall, where dinner and supper were served. H. D. Crie, chairman of the Sea and Shore Fisheries Commission, presided. The other members, H. C. Wilbur of Portland, and Dr. E. W. Gould of Rockland, were also present, together with H. L. Sanborn, director of fisheries. Thirty-three wardens attended the conference, and there was a general discussion of the lobster situation. Plans for the coming season were made and each warden was invited to ask questions regarding anything of which he might be in doubt. The majority of the wardens noted a decided improvement in the observance of the lobster laws.

Those present at Tuesday's conference besides the commissioners and directors were: Wardens H. E. Allan, Machias; Charles S. Beal, Jonesport; Albert E. Closson, Ellsworth; Charles S. Coughlin, Rockland; J. W. Dearborn, Boothbay Harbor; Edwin G. Doughty, Portland; Isaac D. Dunbar, Isle au Loup; Andrew F. Green, Kennebunk; F. M. Jasper, Machias; J. M. Jeffers, Portland; J. V. Mathews, Belfast; W. A. Ricker, Saco; Chester J. Sawyer, Southwest Harbor; Stephen S. Sellers, Stonington; A. J. Smiley, Penikese Harbor; Thomas E. Sullivan, Bangor; E. S. Vose, Cushing; Joseph R. Wallace, Portland; H. M. Woodward, Jonesport. Of the boat force, Oscar Crie, Capt. H. B. Webber, Thomas McKerney, Rockland; Stephen Littlefield, Castine; Eugene Bowers, Machias; and Mr. Green. Miss Helen Davies, stenographer of the Commission, was also present.

CAMDEN MAN HELD

For Assaulting and Robbing Shipmate of Steamship Mohawk at Bar Harbor.

Alfred Miller of Camden was brought before Judge Conners of the Bar Harbor municipal court Tuesday charged with assault and robbery on Maurice Giordano of Boston but owing to the serious condition of the complainant, the case was continued until he can be present in court.

Giordano was found early Monday morning by Patrolman Young, wandering dazed in the streets, covered with blood and with two deep wounds on his head. He was taken to the police station where he told a disconnected story. He was then taken to a hospital, where he is reported to be in a very encouraging condition.

Miller was arrested later at a room which he had hired for the night in the Bunker building. He was taken to the police station, where he admitted the main facts of the story as told by Giordano.

As near as can be learned from the story the men landed at Bar Harbor from the steamship Mohawk. They started across the island to Bar Harbor, which they reached late Monday night. They went to sleep on a vacant lot outside the town. During the night Giordano, while he was asleep, was attacked by Miller, so he claims and hit over the head with an iron rod. He was rendered unconscious and Miller, according to the wounded man, took \$7 in money from him and left him there to die. He finally recovered early Monday morning and started to Bar Harbor for assistance.

ALLEGED PROFITEER

Wiscasset Man Fined For Excessive Charges on Sugar Sales.

A fine of \$250 was imposed by Judge Hale of the U. S. District Court at Portland Monday against Howard H. Trussell of Wiscasset, who was arraigned under an indictment charging him with profiteering in sugar. It was brought out through inquiry by Judge Hale, that last November when there was supposed to be a great scarcity of sugar, the respondent through a Rockland concern purchased about ten tons. This quantity was disposed of within about a month and he had arranged a deal for the purchase of a carload.

It was claimed by the government officials that the first lot had been purchased at 9 1/2 cents a pound and a considerable quantity sold at prices varying from 14 to 22 cents a pound. The respondent declared that the first stock was approximately 13 cents a pound and he had sold the entire stock with the exception of about 500 pounds at 13 1/2 cents a pound. It was when the second stock was purchased at a price of 20 cents that he increased his rate on the first stock.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 10c and 25c.

APPLETON

Albert A. Fuller celebrated his 70th anniversary Saturday, April 10. He was the recipient of a birthday cake decorated with colored candles, and other presents from relatives and friends, which helped to make the day one to be remembered. Mr. Fuller is a man of sterling character, known and respected by a large circle of friends who all join in the wish that he may enjoy many more such pleasant occasions.

H. F. Hawkes has moved his engine on to his lumber lot on the Ridge where he will soon commence operations.

B. L. Whitney has gone to Seabrook with his gasoline saw where he will manufacture the woodpiles into stove lengths.

Miss Maude Fuller was at Moody Mountain, Seabrook, Saturday looking up a boarding place, where she can stop while she is teaching there. Her school commences the 19th.

The roads are in the worst condition known for years, being almost impassible in places, owing to the many washouts.

The numerous creditors of Clifford C. Steele of Stoneham, Mass., who purchased cattle here a year ago, giving worthless checks in payment, are gratified to learn that his debts will be settled in full.

Maynard M. Brown was in Rockland last week serving on the traverse jury. He was accompanied by his little daughter Fautina.

At the monthly conference of the Baptist church it was voted to drop the young Baptist and in the future this church will call the Appleton Community Church of the Northern Baptist Convention. The church is glad to receive members from all evangelistic denominations. This step was taken with almost a unanimous vote and with a true Christian spirit prevailing. The expression "A forward movement in the right direction" is heard by many townspeople. With this feeling together with the tactful ability of the Pastor, Rev. C. L. Cronkrite, it looks like better days for Appleton, spiritually. Rev. Cronkrite is preaching some helpful straightforward and stirring sermons. Everyone is welcome.

Once more death has entered the home of Mr. and Mrs. William O. Luce at East Washington, this time taking their only daughter, Mrs. Glennis Edgcomb, wife of Leland Edgcomb. Five years ago their younger son Walter was taken away about a month before he would have been 21 years old and March 27, Glennis would have been 21 in about a month was taken. She had been ill for about two months with marked symptoms of appendicitis, but as the roads were impassible it was next to impossible to get a sick person to any hospital and equally as hard to get a surgeon here, and there is always so much danger in operating in one's home it was decided to make her comfortable until the roads were passible. The day before her death she grew rapidly and unexpectedly worse and Dr. Keller who is their family physician deemed a consultation necessary, so Dr. Hoyt of Liberty was called and an immediate operation was considered necessary by both doctors, and a surgeon was summoned by telephone but before he could reach her she passed away. She was a very industrious and quiet sort of a woman, always finding something to do for herself and family or for some friend, and no one ever went to her for help but they found her ready to aid them and in every emergency she always seemed to know just what to do. Miss Alys Hemenway left for Brunswick yesterday afternoon to attend the Psi Upsilon house party and the sophomore hop, which takes place Friday evening.

Mrs. E. W. Singleton who was called here by the illness of her mother, Mrs. D. S. Weeks, left Wednesday for Greenfield, Mass.

J. A. Jameson went to Boston Monday on a business trip.

Mrs. John Flanagan went to Lewiston Wednesday, called there by the illness of her daughter, Kathleen, who is with her aunt in that city.

Mrs. George L. Weed entertained Tuesday afternoon in honor of Mrs. Horace J. Bam. Light refreshments were served.

H. E. Bradley of St. John, N. B., recently visited Miss Myrtle V. Kennedy of this city.

W. H. Lowell of Portland and J. Herbert Gould of Camden were guests this week at Warren Gardner's.

Mr. and Mrs. D. E. White were given a farewell reception by the Class 29 of the Methodist church, Monday evening at the home of Capt. and Mrs. David Connors. The event was made doubly interesting by the fact that it was the 40th wedding anniversary of Mr. and Mrs. White, and the wedding anniversary of Capt. and Mrs. Connors. Mrs. White was presented with a silver thimble. Henry C. Day was the orator of the evening, and a humorous reading by Mrs. Connors found a pleasing place in the program. Refreshments were served. Mr. and Mrs. White are to resume their residence at Vinalhaven, where they have lately bought a home, and many friends will be sorry to see them go. They are leaving Rockland. Mr. White served as deputy under Sheriff Gray and Tolman, and after moving to Rockland conducted a boarding house for some years.

The annual meeting of the Wavenock Club was held at the home of Miss Ernestine Davies, Camden, Monday evening. A picnic supper was served with Tarratines as guests. At the business meeting these officers were elected: Mrs. Lella Benner, president; Miss Minnie Smith, vice president; Mrs. Frances Norton, secretary and treasurer; Mrs. Susie Davis, chairman of program committee. "The Bible" was chosen as the topic for study for the coming year.

Mrs. Grace Cilley Tibbets of Alameda, Calif., who is in the city in connection with the funeral of the late Gen. J. P. Cilley, is the guest of the Misses Eskine.

Mrs. Carl Brown of Norwich, Conn., is a guest at the Thorndike Hotel, returning to her home Saturday. She is accompanied by her daughter Virginia.

Mrs. Edith Duncan, Spirella Corsiere, has returned home from Damariscott, after visiting her sister, Mrs. A. W. Hopkins.

Gray as a color for suitings is rapidly replacing tan in favor of Paris. From the yardage point of view, however, wools in tan color, both in mixtures, in plain and in striped or plaid effects, are still big sellers. Navy blue is also much in demand in gabardine, serge and poplin. Fancy bures in bright yellow, in rose and in green are in demand for sport coats. Yellow burs marked off in two-inch squares by one-quarter-inch stripes of black are popular, notably for sport coats. This same treatment of black lines used to mark off two-inch squares is also noted on gray grounds and on beige colored grounds, says the Dry Goods Economist. Striped goods, notably neutral grounds striped in darker tone or in brilliant color, such as yellow, scarlet, blue or bright green, are extensively used for skirts worn with jackets in the plain color of the ground. Large checked effects in the same color combinations, namely of a neutral ground marked off into large squares by colored stripes, are also used in skirt and jacket suits in which the skirt is of the checked material, the jacket of the plain. Scotch plaid, checked and bold checked materials usually in horse blanket plaid effects are very strong and are extensively used for coats.

There will be dancing at the Arcade afternoon and evening next Monday, which is Patriot's Day, and a holiday for many persons. And of course there will be the regular dance Saturday night.

"GEORGE ED"

Thomaston Mariner Still Doing Pilot Duty in San Francisco Harbor.

A recent issue of the San Francisco Examiner carved a large picture of a sturdy skipper standing at the wheel, the familiar portrait of Capt. "George Ed." Wallace, a Thomaston boy who got his sea training in the days when every red-blooded Thomaston boy began life by sailing deep water. Accompanying the portrait is the following sketch:

This is a yarn of an "ol' salt" who heard the call of Father Neptune when he was 14 and who sailed the Seven seas for 35 years. Since his retirement from port-to-port duty more than a quarter of a century ago, he has piloted in and out of San Francisco harbor hundreds of deep-sea vessels. To men who know the Pilgrim mark, he needs no introduction. To those not acquainted with the picturesque world of ships and sailors, he is Captain George E. Wallace, "admiral" of San Francisco's pilot boat fleet. A shipmaster of the old school is Wallace. Small of stature, his kindly face painted an olive tan from the rough carresses of many oceans, the jovial skipper represents a character associated only with the sea.

"Cap" Wallace, as he is affectionately called by his associates on the Embarcadero from Meigs' wharf to China Basin, recently celebrated his seventy-fourth birthday.

"Can't kill an ol' deep-sea skipper," was his only comment when greeted in the pilot office at Pier 7 by a party of well-wishers.

Coming from a seafaring ancestry, it was traditional that he should follow the sea as did his forebears for five generations. In a confidential manner, as he winked his smiling blue eyes, it was either the ministry or the sea for him.

"And you see no stock at my throat, do you," he added.

It was a gala day the day Wallace at the age of 14 shipped before the mast on a "clipper box," the name of which he has long since forgotten.

"It was in the fall of '59," said Wallace, "that the little craft 'dressed down' in bright colored flags sailed from Thompsonville, Maine, for a port in sunny Spain."

Youthful Days Hard To Wallace, the days of his apprenticeship recall vivid but unpleasant memories. It was as he says—and as all seafaring men say—a dog's life. To live his experience over again?—never! Roused from their bunks at night by a bucko mate juggling a belaying pin which means disaster to any man who refused to obey orders, they went topside in storm or calm.

"That is one of the reasons," said Captain Wallace, "why sailing vessels were a failure during the war. The young men of America would not go to sea in them."

Now that sailing vessels practically have been driven from the waters by power-driven craft, Wallace believes that his career as a deep-sea skipper ended when he "dropped anchor" in San Francisco 25 years ago to become a bar pilot. As a bar pilot, he knows San Francisco bay, its currents, its danger points and all of the whims of the deep, both inside and outside of the channel. These were not to be learned in a day. Wallace's knowledge came only with long years of service. Fogs on the bay and rough weather at sea are of little concern to him. Sometimes he likes a good

humming by Father Neptune. He says it helps him to keep young.

During the war, when Uncle Sam was sending troops to Siberia, Wallace was the last civilian to say "Good-by" to the sailors after the transport had negotiated the channel and had shaped away for Vladivostok. He also was the first civilian to greet the returning troops. Wallace estimates that he has said "Good-by" and "Hello" to at least 20,000 boys in khaki en route to Honolulu, Guam, Manila or Siberian ports. It was "Cap" Wallace who brought into port recently the giantess of army transports, the America, which in size is the largest vessel ever to pass through the historic Golden Gate. To warp a vessel of the type of the America into her pier is a real "heman" job, so the sailors say.

Standing on the aft deck of the pilot boat Adventurers Wallace is a familiar figure. Sighting a vessel off the lightship San Francisco, which is 12 miles out from the Gate, the veteran generally is the first pilot to bid her welcome. Although a score of years older than any of the other pilots, of which there are 20, including his son, Capt. John Wallace, "Cap" Wallace negotiates the "Jacob's ladder" with the spryness of a gymnast. When the Storm King gets peevish and makes it perilous for a pilot taking out or meeting a vessel at sea at least one person entertains no fear for the safety of Captain Wallace. That person is Mrs. Wallace.

"The skipper," says Mrs. Wallace, "knows his business. For that reason I never worry when a storm breaks at sea after he has taken a vessel out. If it becomes dangerous for him to shove off from the vessel because of heavy seas, he always remains on board until the first port is reached."

Under such conditions Captain Wallace has made numerous trips to far and near ports. Adhering to the unwritten law of the sea which prohibits its sons from relating their experiences, especially those which might place them in the category of heroes, Captain Wallace talks but little of his exploits. Although his associates say his experiences, if told, would sound like tales from the Arabian Nights, the veteran pilot prefers to remain silent. Says "Cap" Wallace:

"The days of sailing vessels are ended. To the men who served their apprenticeship aboard them, the sea, today does not hold the same fascination. 'Vessels now plying the seas are floating palaces compared to those of other days. 'The fascination which, once drew youth to sea has waned. The men who follow the sea today and can steel vessels make it a business. The adventures and thrills of the 'clipper box' days are no more."

Although Captain and Mrs. Wallace have a beautiful home near Redwood City, it is seldom occupied by the pilot, whose longing to be near salt water has caused him to take up his residence in San Francisco. Opposite Captain Wallace's name in Lloyd's are the words "record clear," which means that never during his long service at sea and as a pilot has he had to give his account of any major accident.

VARIATIONS IN CREAM

Why Producer Is Not Always Satisfied With Butterfat Basis.

(Address of L. M. Dorsey, Assistant Professor of Animal Industry, at University of Maine, Farmers' Week.)

It quite often happens in selling cream on a butterfat basis that the producer is not satisfied with the test with which he is credited. The underlying causes in cream test variations may relate to: Method of separation, gravity or centrifugal; test of milk separated; temperature of the milk; rate of inflow of milk; speed of separator; amount of water or skimmed milk used to flush the separator bowl; smoothness of running; cleanliness of bowl.

Cream skimmed from milk by means of the gravity method of separation, where shallow pans or shotgun cans are used, may vary from day to day in test due chiefly to temperature variations. Cream from the hand separator will show less variation in butterfat content than gravity cream, provided each run is made under the same conditions.

Cream from the hand separator will vary in test either increasing or decreasing, according to the increase or decrease of percent fat in the milk separated. The amount of cream is not affected but remains the same if the same amount of milk is separated each time.

Milk should be separated at a temperature of 85 degrees to 90 degrees F. If separated under 85 degrees F. a higher testing cream will be obtained than at the proper temperature and the amount will be less.

If the milk is allowed to flow into the separator faster than the normal rate a lower testing cream will result than for the normal inflow and the amount will be greater. If the speed of the separator is increased above the normal rate a higher testing cream will result while the amount of the cream will be less.

If no care is exercised in flushing the separator bowl at the end of a run greater or less amounts of water or skimmed milk may be run into the cream, causing it to be diluted and the test decreased.

If the separator is not evenly balanced vibration occurs, which will cause a lower testing cream to be separated, due to more skimmed milk being mixed with it.

If the separator bowl is not thoroughly cleaned after being used the result will be much the same as when cream is separated from milk at too low a temperature, namely, cream higher in fat but less in quantity than from a clean bowl.

From the preceding explanation it can readily be seen that quite a few conditions may cause cream to vary in test from one day to the next; and that a number of consecutively occurring conditions which produce a lowered fat test will contribute toward a lower fat test from the creamery, than that to which the patron may think he is entitled. If, when cream is separated from milk by means of the centrifugal cream separator, all operating rules are carefully followed, the only thing which will cause the test to vary from time to time is the test of the milk separated, and even the variation from this cause will be within a rather small limit.

ROCKPORT

Mrs. Ralph Buzzell has returned from Portland, where she has been the guest of relatives.

C. E. Madden of Augusta has been the guest of his daughter Mrs. Charles D. Wentworth this week.

Miss Mabel Wall has returned to Barre, Vt. after spending a two week's vacation with her parents, Capt. and Mrs. S. H. Wall.

The Senior play, "At the End of the Rainbow," will be presented at Shepard's hall Friday evening, April 16. Although it is given later than usual it promises to be one of the best events of the season. The leading parts are played by Russell Thurston, Elfrida Glantzel, Herbert Maxey, Dora Poland, Lillian Brann, Trygve Heistad and Madeline Small.

Mrs. Sherman Weed is the guest of her daughter Mrs. Marshall E. Reed in Roxbury, Me., this week.

Walter Carroll has moved from the Warren house to the J. A. Russ house. Mrs. Arthur K. Walker has returned from West Rockport, where she was called by the illness of her sister Mrs. Addie Orbeton, whose condition is much improved.

The Senior class of the Rockport High School has selected its elective parts for graduation and laid general plans for that event. In view of this being the first time the program is to be built around the Pine Tree State, in so far as possible. The subject will deal with her past, present and future greatness. The class motto is "Dirige" and the State colors have been elected as those of the class. For the first time in several years, a boy has first honor in graduation and to make it doubly sure second honor also falls to a boy. The parts are assigned as follows: salutatory, Russell W. Thurston; salutatory, Pearl W. Upham; first essay, Lucy M. Stinson; second essay, Elfrida P. Glantzel; class oration, Walter H. Webbing, Jr.; elective parts, prophecy, Herbert B. Maxey; class history, Lillian P. Brann; presentation of gifts, Myron F. Roberts; class ode, Della E. Larson. The class oration is awarded as a special honor to Walter H. Webbing, Jr., who made highest rank this past year. Rockport is high to have a Maine graduation.

Mrs. Augusta Sweetland Many will be saddened to learn of the sudden death of Mrs. Augustus A. Sweetland which occurred April 9 at her home in Stoneham, Mass. Mrs. Sweetland was formerly Miss Hannah Southard, daughter of the late Mr. and Mrs. Samuel N. Southard of Rockport, where her early life was spent and where she endeared herself to a large circle of friends. Her frequent visits to Rockport and the renewing of old friendships were a source of much enjoyment to herself and to the

many by whom she was so cordially welcomed. Besides her husband she leaves two daughters and one son, also two sisters, Mrs. Mary Kingsbury of Portland, Conn., Mrs. William Robbins of Medford, Mass., and two brothers William and Edgar J. of Rockland. Funeral services were held Sunday at her late residence in Stoneham. Remains were taken to Forest Hills for cremation.

Capt. William Thorndike

Capt. William H. Thorndike, one of Rockport's oldest and most highly respected citizens, died Sunday, April 11, at his home on Camden Road. He was born in Rockport, June 12, 1828 and was the second son of the late Joseph and Katherine (Wolfe) Thorndike. For many years he followed the sea, sailing for the late David Talbot and Carleton, Norwood & Co. of Rockport, making many successful voyages. Among the vessels he commanded were the Mary Vaneclaf and the barkentine Fred E. Richards built by Carleton, Norwood & Co. in 1881. He served in the Navy during the last year of the Civil war and was in the ship Brooklyn at the taking of Fort Sumter. His wife was Mary E. Colley of Thomaston who died eight years ago and since that time he has been in feeble health. To them six children were born, five daughters and one son. The oldest, Edward F., died when young. Three daughters survive, Mary Louise, wife of E. W. Spear of Rockport, Katharine T., widow of Fred W. Amshury of Vancouver, B. C., Josephine C., now Mrs. Charles H. Wrooster of Rockport. Two others died in infancy. He also leaves eight grandchildren and nine great grandchildren. He was one of the oldest members of the Methodist church, having united with the church in this town in 1873. He was a member of St. Paul's Lodge, F. & A. M. and the Fred A. Norwood Post, G. A. R. Funeral services were held Tuesday afternoon at his late residence. Interment was in the family lot in Amshury Hill cemetery.

PAYING PREACHERS

One Thing To Be Done With the Money Raised in the Big Church Drive.

The average salary of Maine pastors is \$847 annually according to returns thus far tabulated of the State survey conducted by the Interchurch World Movement. These statistics include only denominations reporting and able to furnish information on ministerial salaries.

The average paid per year per communicant is \$7.48. Thus far reported, 116 ministers receive less than \$500 and only one received \$5000 or over.

"Pay the Preacher more" is announced as one of the slogans of the financial campaign for \$336,777,572 in which thirty denominations are co-operating through the Interchurch World Movement. The financial canvass of every member of the participating denominations begins April 25 and will continue until May 2. The total amount appropriated for this purpose in the budget of the denominations is \$20,510,229.

That additional sum, it is stated, is the least which will enable thirty denominations taking part in the Interchurch World Movement to pay their pastors a living wage. The estimate is based on an exhaustive survey of the situation in regard to ministerial salaries conducted by the Interchurch World Movement.

According to figures compiled by this agency, only in one State of the Union are the ministers receiving a living wage. California carries off the palm with an average salary to its ministers of \$1800. Next come New Jersey with \$1276 and Massachusetts with \$1264. New York, despite the fact that a few ministers in New York are among the most highly paid in the country, only comes fourth in the list with an average salary of \$1236—six dollars more than Connecticut pays its ministers.

Seventy-one ministers receive an annual salary of \$5000 or over, while 2,653 receive less than \$500 a year, and the salaries of 7,299 range between \$500 and \$1000.

Kentucky has the somewhat questionable distinction of paying its clergymen less than any other State; the average yearly salary there is \$562. It is two dollars higher in Arkansas. The average Oklahoma ministers has \$575 to squander on himself and family each twelvemonth.

In view of these figures, it is not surprising that Interchurch investigators report that the pinch of poverty is forcing clergymen in all sections of the country to abandon the ministry in favor of more lucrative employment. In many other cases, the clergymen are devoting their leisure time to various kinds of labor in order to avoid the necessity of severing their connections with the ministry.

BOSTON OR ST. LOUIS
Which Will Prove To Be the Country's Fourth City.

The population of St. Louis is 773,000 according to the new census figures. Whether St. Louis or Boston will rank as the country's fourth largest city as a result of the 1920 census added interest to the announcement. Boston's population has not yet been made public.

St. Louis ranked fourth in 1910 having more inhabitants than Boston. Since 1910, Boston has annexed the town of Hyde Park, having a population in 1910 of 15,507.

Compilation of estimates of the population of the two cities as far as last, by the method of arithmetic progression brings the total number of their inhabitants within 777 of each other, with St. Louis leading. These estimates, based on the assumption that the increase each year since 1910 has been equal to the annual increase from 1900 to 1910, give St. Louis 796,933, and Boston 796,156. In the 1910 census Boston showed an increase of 19.6 per cent for the decade, while St. Louis showed an increase of 19.4 per cent.

St. Louis and Boston were the only cities within the 600,000 class in 1910. Cleveland, Baltimore, and Pittsburgh ranking sixth, seventh and eighth were the only cities within the 500,000 class. A change in their ranking for 1920 is not improbable and Detroit, Buffalo and San Francisco, ranking ninth, tenth and eleventh, the only cities within the 300,000 class, may advance into different rank. The population of none of these has been announced.

EMPIRE THEATRE

J. Warren Kerrigan is a sure drawing card, and he will not fail today in "Three X Gordon." Gordon finds three given names too many and cuts them down to three X's, from which he derives his peculiar cognomen. In one afternoon he is refused by the girl he loves, disinherited and requested to resign from his club. Stunned, he decides to go west, but he barely had money enough to get across the river with Archie, who feels that there is a fortune in the West. They obtain work on a farm and learn to like it so much that when the winter comes they decide to open a "Pop Syndicate" and run a farm to put others into physical condition. They raise a crop of sturdy young recruits, and in khaki Gordon wins the girl's love and his father's respect.

The new serial, "The Lost City," found many admirers in the first episode. See the second one today.

For the weekend the feature will be "The Last Straw," and Buck Jones is the man who furnishes the pep. Tom Beck, is employed on the H. C. ranch, which has just passed by inheritance into the hands of a young eastern girl named Jane Hunter. Jane appears one day, a modish young miss, fond of cocktails and cigarettes, and with few ideas about Western life. She takes a liking to Tom's looks, but feels decidedly piqued when he refuses to drink with her and airs his ideas about the manner in which young women should conduct themselves. Their first meeting breaks up with a quarrel. There presently appears Dick Hilton, a young man from the East, formerly in love with Jane. She makes Dick welcome, but surprises him by refusing to drink a cocktail with him. The new life has already taken hold of her and Dick discovers that any love she formerly had for him has completely vanished. But there's lots of danger as well as lots of love before the story is all told—44.

ST. GEORGE

Mrs. Marianne W. Gilchrist, celebrated her fourth birthday Saturday afternoon by giving a party to several of her young friends. Games and a social time were indulged in until Marianne, singing a marching song, led her guests into the dining room where refreshments of fancy cookies and ice cream and a birthday cake were served. The table decorations were puffy willows and evergreens with blue bird place cards. The birthday gifts were many and all wished her many happy returns of the day and with one accord declared her an ideal hostess. Those present were: David Hocking, Marion Riley, Marie and Cora Hill, Jeanette and Priscilla Robinson, Theodore and Charlotte Caddy and John Maynard Kinney. Regrets were received from those that could not come on account of the condition of the roads.

Mrs. Lillian Hocking has returned home from Dexter.

Mrs. D. A. Hathorn celebrated her birthday Saturday evening. Ice cream and cake were served.

Mrs. Ardith Thomas has gone to Fall River.

School commenced Monday with Gladys Hocking teacher.

Arthur Light of Washington spent the weekend with his family at Nelson.

Miss Marguerite Flanders was in Rockland recently.

Mr. and Mrs. Stephen Burrows of South Waldoboro spent Sunday with her mother Mrs. Lucy Mank.

Mrs. Augusta Bowers is at Elmer Jameson's, Warren.

Mrs. Sarah Benner and son George attended the funeral of Mrs. Thomas Benner, Waldoboro, Sunday.

Millard Mank spent the weekend with his parents, Mr. and Mrs. L. L. Mank.

Mr. and Mrs. John A. Rines were at Fred Jameson's, North Warren, Sunday.

Miss Ella Mank is spending a few days with Mrs. Martha Gould.

WATERMAN'S BEACH

I learn by The Courier-Gazette that my old friend and buddy Alexander Smith has passed away. Mr. Smith worked as a granite cutter many years on Spruce Head. In 1878 Alex and I took a trip to St. John, N. B. We left Portland by steamer at 6 p. m. arriving at Eastport about noon the next day and at St. John at four that afternoon. The wharf was well filled with men, women and children. It was wondering if there was always such a crowd there on the arrival of its American boat but I soon learned it was Good Friday and a holiday in that city. This was two years after the big fire, when nearly half of the city was destroyed. Hundreds of families were still living in rough board houses. Hundreds of men were working for less than one dollar a day. Our silver half dollar passed for 40 cents, the same as the Canadian half dollar is worth here today. Star matches were two cents a bunch here, two bunches for a cent there.

There were fields of ice coming down the St. John river. It must have been the last of April. We stayed in St. John a week, then took the same steamer back to Portland. I remember seeing a granite cutter in Portland offering a good square meal for a quarter. Quite a contrast with the prices of today. Mr. Smith proved a very pleasant man to travel with. He was well liked by his fellow-workmen and everyone else who knew him. I think he and his wife were born in Halifax, N. S.

Several of us received Easter flowers on postal cards, but Billy Murphy got his in a flower pot. There was one lily all blossomed out on its arrival and now it has three blossoms, proving that it likes it home, way down in Maine.

I received a postal Friday from Mrs. Chauncey Morrill, of Seattle, Wash. Mr. Morrill and Thomas Rackliff had received orders to sail for Alaska, April 15, their wives desiring to make the trip with them.

April 13 I received a letter from Robert A. Clark, written from National City, Calif. Mr. Clark's many friends will be pleased to hear from him. He arrived in California, Sept. 26 last. I understand by his letter he is delighted with his new home and only regrets his family are not with him. Bert says the sun shines on both sides of the house every day in the year. He is working into the hen business and has a garden that they can get garden stuff from the year round. He has The Courier-Gazette and says he always enjoys the Waterman's Beach items. His address is Box 83, National City, Calif. He is a son of the late Jack Clark and brother of William Clark of South Thomaston.
